Zurich

Thursday 15 March 2012, 15.30 – 19.30

TECHNOPARK

Technoparkstrasse 1

8005 Zurich

Switzerland

3rd Swiss Summit on Hemato-Oncology

3rd SSHO[®] 2012

Dear Colleague

I have the pleasure of inviting you to Zurich to participate in the 3rd Swiss Summit on Hemato-Oncology (3rd SSHO[®]), which takes place on Thursday 15 March 2012. We are pleased to welcome you to what promises to be an engaging and interactive scientific meeting, focusing on the treatment of patients with **multiple myeloma, Waldenström's macroglobulinemia, and follicular lymphoma**. The meeting will equip you with knowledge of the latest developments in the management of these malignancies and will provide a forum for you to interact with international hematology and oncology experts, as well as peers from across Europe and the USA.

In addition to attending the keynote lectures, delegates will be able to discuss case studies pertinent to highly practical aspects of the management of the three diseases. We encourage you to take the opportunities at the meeting to interact with your colleagues, ask questions and share best practice from your own clinical experience.

I look forward to welcoming you to the 3rd SSHO[®] in Zurich.

Prof. Dr med. Christoph Renner

Head, Department of Internal Medicine-Oncology
University Hospital Zurich
Chair

3rd Swiss Summit on Hemato-Oncology 2012
